LATHAM® On Ground/Semi-Inground Pool Systems

The ultimate in backyard fun, a swimming pool is a lasting investment your whole family will enjoy!

Simply designed, or enhancing the style of your pool with elegant decks, retaining walls, fencing and surrounded by intimate natural landscaping. Let your imagination soar! The Rockwood and Champlain On Ground/Semi-Inground swimming pools offer the widest range of options available today. From a clean and simple Rockwood round shape to an impressive Champlain emerald, we have what a growing family needs to play in, with many pool sizes available to accommodate your backyard.

What would your dream backyard be?

We didn't invent the vinyl-lined pool, but our engineers did have the good sense to re-think it!

We have introduced a fully-engineered approach to On Ground/Semi-Inground pool design and construction, starting from the basics. We examined the forces and factors affecting a traditional pool built on grade, at a variety of challenging sites, and made improvements wherever we found any weakness.

Our resulting manufacturing innovations have led to more options in what was previously a very limited market. Our On Ground/Semi-Inground pools are so well engineered they can be installed totally above grade or in-ground.

Planning & Conceptual:

The steady progression to a well planned "Poolscape" begins with a well thought out design. Be sure you discuss these important aspects with your authorized dealer:

- Legal and zoning requirements
- Pool-site ground and drainage conditions
- Access to the pool site
- Sun path and wind activity
- Yard grades and the finished grade of the pool in relation to existing structures
- Social and recreational areas in relation to the size and shape of your pool.

Construction & Landscaping:

Once you've established the initial design and concept for your pool, discuss these accessories with your dealer:

- Positioning of walk-in stairs, stainless steel rails and ladders;
- Type and size of heating, to extend the swimming season;
- Solar blanket and roller;
- Lighting requirements of the pool and yard – perhaps fiber optics;
- Automatic pool cleaner;
- Automatic chemical feeder;
- Fencing and landscaping requirements.

The Vinyl Liner Selection

Rockwood and Champlain vinyl pool liners are formulated to prevent the growth of algae and protect against the damaging UV rays of the sun.

Shown here are a few of our most popular patterns. Please contact your authorized dealer for a complete listing of liner patterns available.

CHOOSE THE POOL SYSTEM

ROCKWOOD 52" Versatile On Ground/Semi-Inground Pool Systems

Design features make our pools the most rugged on the market.

- The Rockwood wall systems are 52" tall and made of 14 gauge Z700/G235 galvanized steel, so durable that we offer a limited lifetime warranty on the pool.
- Durable polymer coping with UV inhibitors to withstand the exposure to the sun and provide lasting beauty.

Rockwood ROUND Perimeter

15'47'1"
18'56'7"
21'66'0"
24'75'5"
27'84'10"
30'94'3"

Rockwood KEY Perimeter

14 x 24	63'0"
16 x 28	73'6"
18 x 30	79'0"

Rockwood OVAL Perimeter

12 x 1850'0"
12 x 2462'0"
12 x 2870'0"
14 x 2872'0"
15 x 3077'2"
17 x 3080'0"
17 x 3284'0"
18 x 3386'6"

Rockwood KIDNEY Perimeter

12 x 22	59'0"
14 x 28	72'0"
16 x 32	84'0"

Enhance your pool with these additional options.

Special coping suitable for easy winterizing with the "fitted winter cover."

AG Ladder: strong, stable and the most versatile above-ground pool ladder ever offered.

Available with the 48" curved step.

Packaged in each liner carton are "No Diving" labels; an owner's manual containing the current Association of Pool and Spa Professionals safety standards; maintenance and operating information; the APSP publication, a warranty card; and a weather resistant sign to be posted near your pool. "No Diving" signage must be installed on the coping around the perimeter of your pool. "Caution" signage also must be affixed to the steps. KEEP YOUR EYE ON THE CHILDREN. Continually supervise the swimmers in your pool. USE THE SAFETY ROPE. The safety rope and floats should be attached at all times. Any use of diving boards, diving equipment or slides must be in strict compliance with the equipment manufacturer's specifications, the Association of Pool and Spa Professionals standards, and local building codes and regulations. We recommend removal of such items that do not comply. Consult your dealer for sizes and specifications. Liner patterns and color depicted in this brochure are representative of the actual liner material; however, variations in color and shading may occur.

NOTICE: The manufacturer, Latham Pool Products makes only those representations which are stated in its written warranty. Any other representations, statements, or contracts made by the dealer and/or the contractor to the customer regarding any materials produced by the manufacturer are attributable to the dealer and/or contractor only. The dealer or contractor who sells or installs your pool is an independent contractor and not an agent or employee of the manufacturer.

The specification and design are subject to change without notice. The manufacturer maintains a policy of continuous improvement and therefore reserves the right to change the specifications without notice. Not all features shown and or described are standard. Be sure features and equipment required are listed in the dealer's contracts.
